Dear Customer :

Thank you for choosing our services . Please take a few minutes of your time to read this information sheet that addresses frequently asked questions and issues.

1. Basic Liability VS. Valuation Coverage:

Basic Liability : Mover's responsibility is limited to 60 cents per pound per article (30 cents in NY State on hourly moves) This means that if an article is damaged or destroyed beyond repair, you will be reimbursed at 60 cents (30 cents NY State hourly moves) times the actual weight of the item. Example: An article that weighs 60 pounds is damaged beyond repair, you will be reimbursed 60 pounds X 60 cents = \$36.00 (60 pounds X 30 cents = \$18.00 in NY State hourly moves).

Valuation : Available at an additional cost of \$1.00 per \$100.00 (50 cents in NY State hourly moves) of declared value by shipper. Mover's responsibility is limited to the value the shipper declared.

2. Tips : Even though movers earn a salary for their service, it is customary to tip movers. The average tip for an excellent service is as follows :
Hourly and local moves: 15-20% from total bill
Long distance Moves: 8-12% from total bill
Tipping is voluntary and is done at the shipper's discretion.

3. Packing Supplies and Boxes : Are not included in the transportation fee and cost extra. Packing supplies and boxes are used in the protection of the shipper's goods. In the event shipper declines to protect his/her goods the risk of loss and/or damage is high which may result in the carrier refusing to transport the article .

Application to visit Australia for tourism or other recreational activities

48

Please read the following information carefully **BEFORE** you complete your application.

Who should use this form?

Use this form if you are outside Australia to apply for a visa to visit Australia for tourism or other recreational activities (holiday, sightseeing, social or recreational reasons, to visit relatives or friends, or other short-term non-work purposes including study).

- If you intend to apply for a Sponsored Visitor (Short Stay) visa you should use form 48R.
- If you intend visiting Australia for medical treatment you should use form 48ME.
- If you intend to study in Australia for more than 3 months you should apply for a student visa. Please contact the nearest Australian overseas mission for information on student visa applications, including the correct application form.
- If you intend visiting Australia for a short business trip (including attending a conference) you should use form 456.

Types of visitor visas

A visa must be obtained before travelling to Australia. A visitor visa granted following processing of this application will be in the form of a label, placed in your passport.

You can apply for the following types of visa using this form:

SHORT STAY TOURIST VISA – for a stay of up to 3 months.

LONG STAY TOURIST VISA – for a stay of longer than 3 months and up to 6 months.

If you require a stay of longer than 6 months please attach your reasons.

Application Charge

There is a non-refundable application charge which must accompany each application.

- The application cannot be processed until this charge has been received.
- The fee is not refundable if a visa is not granted.

Who can you include in this application?

Only one passport-holder can apply on one form. You can include in your application any children **on your passport** who will be travelling with you. If another adult is included in your passport they should complete a separate application form.

How to apply

- Complete the application form. Please note that false or misleading information may lead to refusal or cancellation of your visa, or penalties while in Australia. The completed application form can be lodged at your nearest Australian overseas mission.
- You may arrange for another person to help you complete the application form, but you must sign it. If you have been assisted in completing the application form, you should only sign the declaration(s) if the information in it is true and correct.

- Lodge your application form, the application charge, your passport and any attachments at the nearest Australian overseas mission. Your application may be lodged personally, by your representative or sent by mail.
- On the return of your passport and visa, check the details and conditions on the visa label carefully. If you have any concerns or questions about the requirements or limitations, you should contact the office that granted the visa before travelling to Australia. You should not assume that any changes to your immigration status can be made after your arrival in Australia.

Health insurance

It is recommended that you take out health insurance for you and your family for the period of stay in Australia. You will not be covered by Australia's national health scheme, unless you are covered by a reciprocal health care agreement.

Vaccinations

If it is your intention to enrol your child in an Australian school or childcare centre (creche or preschool) during your visit to Australia, you are strongly encouraged to carry certification of your child's vaccination status.

Vaccination is recommended against polio, tetanus, measles, mumps, rubella, diphtheria, pertussis (whooping cough), Haemophilus influenzae hypo (Hib), and Hepatitis B.

Certification may be sought at time of enrolment.

Note: Vaccination against rubella is also recommended for women of child bearing age.

Authorisation of a person to act and receive communication

You may authorise another person to act on your behalf in connection with your application with the Department of Immigration and Multicultural Affairs (DIMA).

If so, you will need to complete form 956 *Authorisation of a person to act and receive communication* which is on the last page of this form.

Conditions for a tourist visa to Australia

Visitors to Australia must be willing and able to abide by the conditions listed below while in Australia. If you are unwilling or unable to abide by these conditions you should not apply for a visa. If you do not abide by these conditions, your visa may be cancelled or you may be subject to other penalties. If you have any questions or concerns about the conditions, you should ask for more information from an Australian overseas mission.

Conditions

8101 – You must NOT work while in Australia.

8201 – You must NOT study for more than 3 months while in Australia.

8205 – Where this condition applies, and you intend to study for longer than 4 weeks, you are required to pass a chest X-ray examination before you are able to commence study.

8503 – No Further Stay

Following an assessment of your application, a visa officer may decide to apply the 8503 condition on your visa. The 8503 (or No Further Stay) condition means that the holder of the visa on which the condition has been imposed will not, after entering Australia, be entitled to be granted any other visa¹, while the holder remains in Australia.

The effect of this visa condition is that it will not be possible for you to apply to remain in Australia beyond the authorised period of stay shown on your visa label. It is particularly important, if your visit to Australia is to attend a specific event, that you organise your travel so that you can attend these events within your authorised period of stay as you will not be able to extend your period of stay in Australia.

If the 8503 condition is imposed on your visa, it will be indicated on the visa label with the words 8503 – NO FURTHER STAY.

There may be other conditions depending on the purpose of your visit.

~~Declassify On: X1~~

~~(u)~~ Details: On 09/14/2001, Newark Division, with the assistance of the New York Office (NYO), initiated an investigation predicated upon the detention of five (5) Israeli Nationals who may have possessed information about the terrorist incident targeting the twin towers of New York City's World Trade Center on 09/11/2001. The following sets forth a summary of the investigation-to-date.

~~(u)~~ On 09/11/2001, several complaints (FD-71s) were taken and interviews conducted by the Newark Division with respect to the event surrounding the explosions at New York City's World Trade Center (WTC), the Pentagon, and airline Flight #93 that had departed Newark. On 09/11/2001, [redacted] a housewife and Union City, NJ resident, advised that at approximately 9:00am, 09/11/2001, [redacted] neighbor, [redacted] called her on the telephone to tell her that she [redacted] saw smoke coming from the WTC. In order to see the WTC more closely, [redacted] used 7x33mm power binoculars to view the scene. From the rear window of her apartment and while looking in the direction of the WTC, [redacted] observed three (3) males kneeling on the roof of a white van located in the rear

parking lot of her apartment complex. She noticed the individuals and it appeared as though they noticed her.

(u) [redacted] described the males as white, mid-twenties, no facial hair, no glasses, "clean-cut," no hats, all wearing short sleeves with lean builds. Other identifying data was also provided. [redacted] described the white van as a "box"-style van which had no windows on the side; it reminded Settembrino of a telephone company style van.

b6
b7c

(u) According to [redacted] one of the males appeared to be taking still photographs and video of the other males with the WTC in the background. All of the males appeared to be jovial in that they smiled, hugged one another, and gave "high fives." (See attached photos). As the vehicle later left that area, [redacted] recorded the license plate as JRJ-13Y. Later that day when [redacted] returned home, she provided the police with the information pertaining to the males.

(u) Another complaint Subsequent investigation by Newark Criminal Division Agents revealed a second eyewitness who reported having observed the a white van in the same parking lot described by [redacted] This eyewitness, however, observed the van in the parking lot as early as 8:00am on the morning of the explosions at WTC.

(u) A third interviewee later reported, as documented on an FD-71, having seen, on 09/11/2001 (time not noted), a "big, white, model 2000 Chevrolet van, or possibly panel truck or U-Haul truck, bearing the words "Urban Movers" in black lettering along the side. The vehicle was observed in the Liberty State Park's Marine Terminal in Jersey City, NJ, located across the Hudson River from WTC.

(u) Pursuant to this information, East Rutherford, NJ police authorities stopped an Urban Moving Systems van at a pre-positioned roadblock which was occupied by males similar to those described by witnesses above. The van had been traveling eastbound along State Route 3 in New Jersey. Following the stop, police detained five (5) individuals, all Israeli Nationals, on the grounds that they may have had information pertaining to the WTC explosions. The matter was later forwarded to FBI Newark, and the individuals were detained based violations of immigration their status.

~~(S)~~ At the time of the vehicle stop, a search of the van and individuals was conducted. Seizure of the individuals' property yielded the following: a 35mm camera, several personal telephone-style notebooks, back packs, airline tickets with immediate travel dates for destinations world-wide, Israeli passports (in some case, expired), a German passport, and thousands of dollars of cash. Student identifications later believed to be false were also found. Oddly, equipment typically used in a moving company's daily duties was not found, including work gloves, blankets, straps, ropes, boxes, dollies, rollers, etc. Also not found was the video camera that [redacted] observed at least one of the males using to film the explosion at WTC.

(U) ~~(S)~~ On 09/12/2001, the same truck was once again stopped while traveling eastbound in Pennsylvania. [redacted] and [redacted] the same Israeli nationals identified earlier, were detained. During questioning by the Pennsylvania State Police, the Israelis advised that they weren't "in New York" on 09/11/2001. A gasoline purchase receipt recovered by the Pennsylvania State Police seems to contradict their claim in that the receipt, dated 09/11/2001, was for gasoline purchased in New Jersey. [Lead set to Williamsport RA presently pending.]

(S) ~~(S)~~ A subsequent interview of the president/owner of Urban Moving Systems revealed that [redacted] and [redacted] delivery schedule for the morning of 09/11/2001 did not include any pickups or deliveries outside of New Jersey. Oddly, [redacted] and [redacted] were stopped while traveling in the direction of the site of the hijacked plane that crashed outside of Pittsburgh, PA.

b6
b7C

(U) ~~(S)~~ Newark also received information which revealed that on/about 1:00pm, 09/11/2001, three dark-skinned males had been observed driving a white van, bearing New Jersey plates, on Spirit Brook Road near Nashua, New Hampshire (just outside of Boston). According to the report, the driver of the van appeared to be lost; the van had a sign on the side for Urban Moving Systems.

~~(S)~~ A search of Urban Moving Systems, Weehawken, NJ, revealed more oddities which caused the search team leader to characterize the company as a possible "fraudulent operation." Little evidence of a legitimate business operation was found. Evidence recovery agents did seize, however, sixteen (16) separate computer units used by Urban Moving Systems.

~~(S)~~ The FBI presence at the Urban Moving Systems search site drew the attention of the local media and was later reported on both television and in the local press. A former Urban Moving Systems employee later contacted the Newark Division with information indicating that he had quit his employment with Urban Moving Systems due to high amount of anti-American

sentiment present among Urban's employees. The former employee stated that an Israeli employee of Urban had even once remarked, "Give us twenty (20) years and we'll take over your media and destroy your country."

~~(u)~~ Based on the odd circumstances surrounding Urban Moving Systems, the deception over the alleged usage of a video camera by its Israeli employees, and the observed positive reaction (by the Israeli detainees) to the explosions at WTC, Newark Squad C-9 (SSA [redacted] SA [redacted]), began to focus on the following:

At approximately 3:45 PM on 09/15/2001, [redacted]
[redacted] Oxford Health Plans, 10
Tara Boulevard, Nashua, New Hampshire, telephone number [redacted]
[redacted] was interviewed at her place of employment. After
being advised of the identity of the interviewing agent and the
nature of the interview, she provided the following information:

[redacted] works for Oxford Health Plans, an insurance

[redacted] noticed that a vehicle belonging to Urban

Urban Moving Systems held insurance through Oxford, and verified
that Urban Moving Systems continued to carry insurance through
Oxford. After consulting Oxford's legal department, [redacted]
contacted the FBI in case information Oxford possessed regarding
Urban Moving Systems would be of value to the FBI.

[redacted] provided information regarding Urban Moving
Systems, as well as a second company, Shleppers Moving and
Delivery Service, Inc (aka Flat Rate Moving Systems, Inc), that
insured [redacted] and [redacted] (later
employees of Urban Moving Systems). This original copy of this
information is included in the FD-340 accompanying the original
FD-302; copies of this information are attached to the remaining
copies of this FD-302.

Information provided by [redacted] regarding Urban Moving
Systems is as follows:

[redacted] date of birth [redacted] social security
number [redacted] residing at [redacted]
Union City, NJ, was interviewed at the above-stated residence
during the course of a canvass conducted on 09/13/2001 sometime
around or soon after midnight of the previous day.

b6
b7C

The canvass was conducted to determine whether anybody
residing at the apartment building could identify any of five
individuals appearing in two pages of photocopied photographs shown
to them. The photocopied photographs that were shown to the
interviewees, including [redacted] merely identified the persons
pictured as persons one through five. For reference, attached are
two pages of photocopied photographs which do, however, set forth
the believed names of the persons pictured. Again, the photocopied
pictures presented to the interviewees did not provide any names
nor was any offered to the interviewees.

After being advised of the official identities of the
interviewing agents and the purpose of the interview, [redacted]
provided the following information:

[redacted] definitely saw the individual identified in the
photographs as number 5 within the apartment building at around
3:00 p.m. on 09/10/2001, the day before the interview, as well as
here and there during the preceding weekend. The individual was
observed entering the elevator in the lobby along with another
individual with whom he was conversing, perhaps in Spanish. The
manner in which the two men were speaking suggested that they knew
each other. The second man was not within the pictures presented.

On 09/11/2001, [redacted] woke up at approximately 7:30 AM. She recalls the time because her husband woke her as he got prepared for jury duty in Newark, New Jersey (NJ). As her husband was showering and getting dressed, [redacted] prepared the coffee and placed a bagel in the oven.

Her husband went downstairs to purchase a newspaper at to the store located on the ground floor of the apartment complex. He returned and they had breakfast together.

Her husband left for jury duty at approximately 8:25 AM or 8:30 AM. She then telephonically contacted GENERAL CAB COMPANY for a cab to take her son, [redacted] to [redacted]. After she contacted the cab company, her son waited in the lobby area for the cab.

that she saw smoke coming from the WORLD TRADE CENTER (WTC), in New York City. [redacted] then grabbed her Binolux binoculars, (lightweight triple tested, 7 x 35 mm, 341 feet at 1000 yards) in order to see the WTC closely.

b6
b7C

[redacted] recalls that she was listening to 1010 AM news radio station and she did not hear any information regarding the WTC. She recalls that the sun had risen, it was a clear day and there was no fog or clouds.

Using her binoculars [redacted] looked through her rear window. Then she opened the balcony door and walked onto the balcony. As she looked in the direction of the WTC, she observed three (3) males kneeling on the roof of a white van in the rear parking lot of her apartment complex. She noticed them and it appeared as if they noticed her.

[redacted] recalls that all of the males were white, males, in their mid-twenties, no facial hair, no glasses, "clean cut", no hats, all wearing short sleeve shorts, with lean builds.

She recalls that one male (Male #1) had light hair which was cut very short. The top of his hair appeared somewhat "curly" or "wavy". He was wearing a white tee shirt and light blue jeans, with a hole in the left knee. He was also smoking cigarettes. She believes that she has the best memory of this male.

[redacted] can not recall too many specifics regarding the second male (Male #2). She believes that she has the weakest recollection of this male.

[redacted] recalls that the third male (Male #3) had dark colored, short hair which appeared straight.

[redacted] noticed that the white van on which the males were kneeling appeared to be a "box van". It did not have windows on the side of the van, and it reminded [redacted] of a "phone company van".

The van was not parked perpendicular to the fence. Instead, the front of the van faced in a southeast direction. Male #1 knelt on the roof above the front, passenger side of the vehicle, and he faced the apartment complex. Male #2 knelt on the roof above the front, driver's side of the vehicle, and he faced

b6

Male #3 appeared to be taking still photographs and video of Males #1 and #2 with the WTC in the background. All of the males appeared to be jovial. They smiled, they hugged each other and they appeared to "high five" one another.

[Redacted] is certain that the first fire at the WTC had just started. The second explosion had not yet occurred when she noticed these males. There did not appear to be any other persons in the parking lot area.

As the vehicle pulled away, [Redacted] recorded the license plate on a small piece of paper contemporaneously. She recorded the New Jersey license plate number as being JRJ-13Y. She later provided this piece of paper to SA [Redacted]

[Redacted] did not contact the local police department at the time. Instead, she waited until her husband returned from jury duty. She informed him of the incident and he suggested that they contact the local police.
